

The Master Series

From Ignite to Impact: The Most Exciting Updates Revealed

Upgrading your operating system

How you
RUN

Replace a patchwork of inefficient systems with intelligent apps and agents that work seamlessly across every surface

How you
BUILD

Equip everyone with AI tools that rapidly improve their work

Accelerate dedicated transformation teams with a powerful platform

How you
SCALE

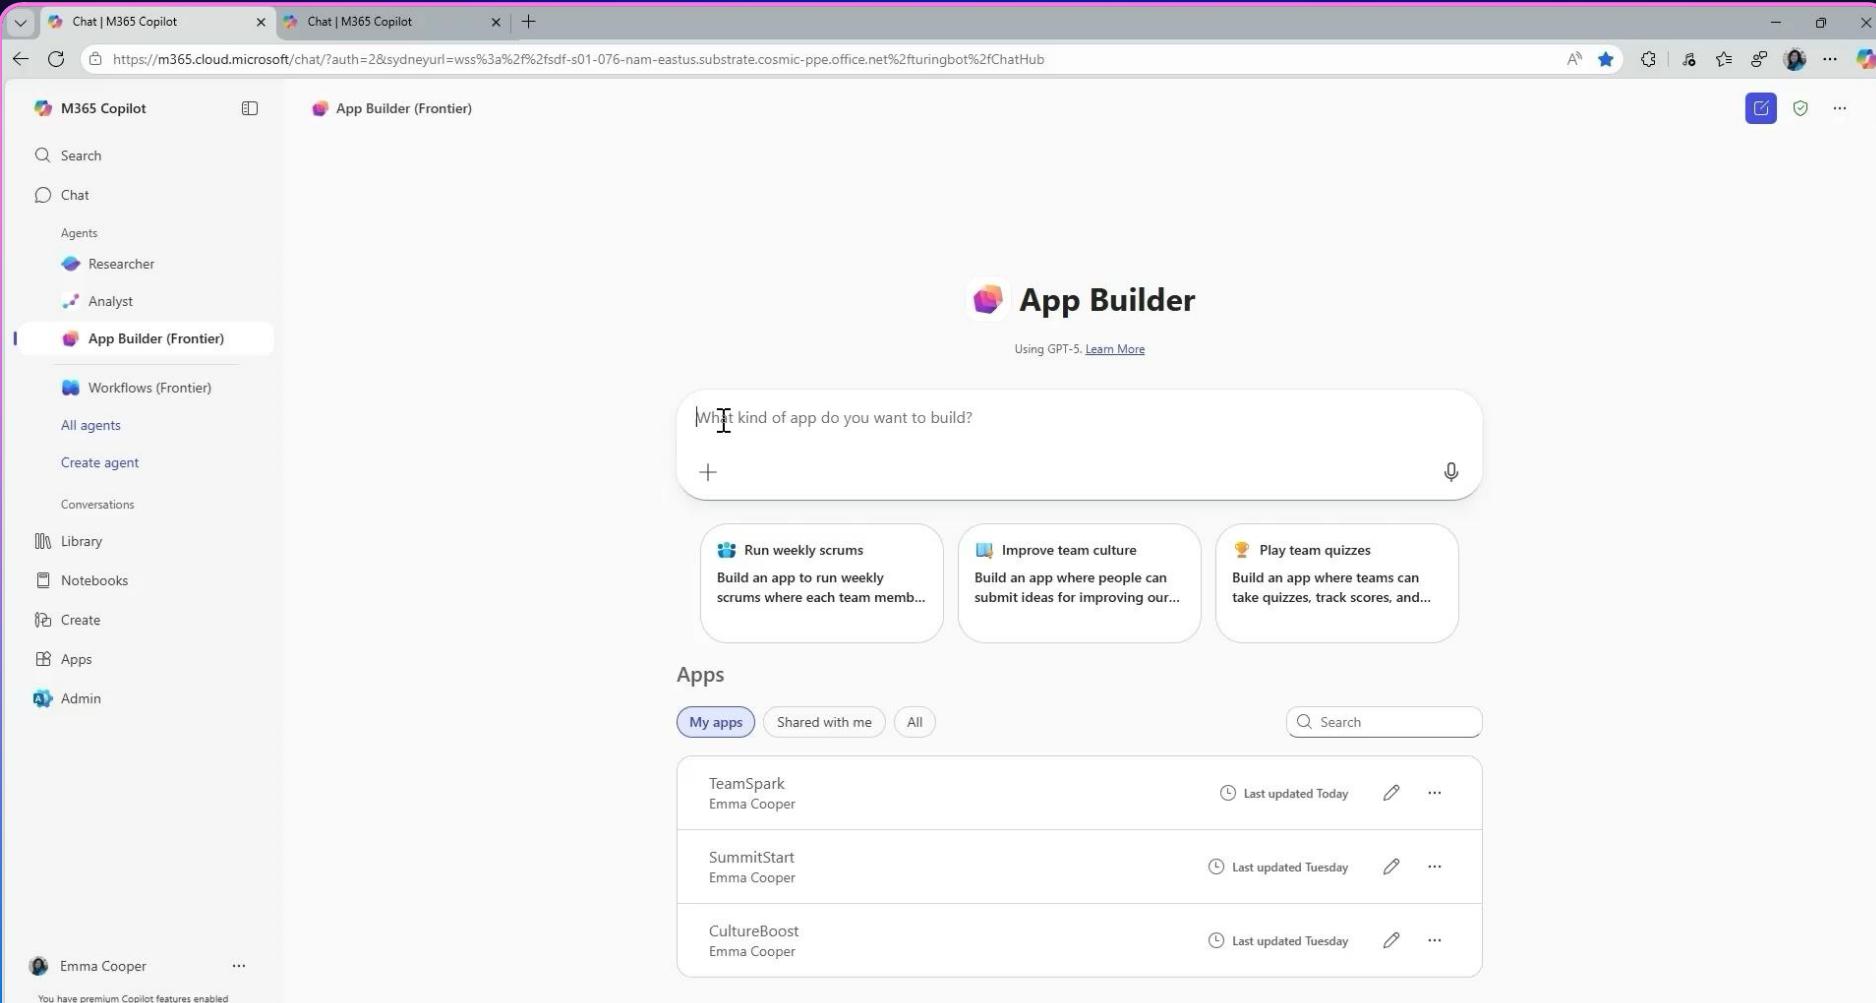

Build on a fully managed platform with governance, security and operations that scale to thousands of solutions

NEW

App Builder in M365 Copilot

Now everyone can create, share, and use apps for their team in Microsoft 365 Copilot

The screenshot shows the Microsoft 365 Copilot interface with a pink 'NEW' badge at the top. The main heading is 'App Builder in M365 Copilot'. Below it, the subtext reads 'Now everyone can create, share, and use apps for their team in Microsoft 365 Copilot'. The interface includes a sidebar with 'M365 Copilot' navigation items: Search, Chat, Agents (Researcher, Analyst), App Builder (Frontier), Workflows (Frontier), All agents, Create agent, Conversations, Library, Notebooks, Create, Apps, and Admin. The 'App Builder (Frontier)' item is highlighted. The main content area features the 'App Builder' logo and a search bar asking 'What kind of app do you want to build?'. Below are three suggested app templates: 'Run weekly scrums', 'Improve team culture', and 'Play team quizzes'. The 'Apps' section shows three apps: 'TeamSpark' (Emma Cooper, last updated Today), 'SummitStart' (Emma Cooper, last updated Tuesday), and 'CultureBoost' (Emma Cooper, last updated Tuesday). A footer note says 'You have premium Copilot features enabled'.

The screenshot shows the Microsoft 365 Copilot interface in a web browser. The left sidebar contains navigation links for 'New chat', 'Search', 'Library', 'Create', 'Frontier', 'Agents' (with 'Researcher' selected), 'Analyst', 'New agent', and 'All agents'. Under 'Notebooks', there are links for 'Project Keystone', 'Executive Briefs', 'Vacation Planning', and 'All notebooks'. The 'Dots' section includes 'Zava Account Rollout Progress O...', 'RFP for new market strategies and o...', 'Follow-up Tasks for Meeting...', 'FY23 Budget Summary', 'Weather on upcoming trip', and 'Make this email sound less aggress...'. The main content area shows a 'PowerPoint (Frontier)' card with the title 'Zava Account Rollout Progress Overview'. The card text reads: 'Create a rollout progress deck for the Zava account — include adoption data, user feedback, and roadmap highlights.' Below this is a message from 'PowerPoint (Frontier)': 'Just to make sure I have clear instructions, please choose some options for your presentation.' A 'Presentation options' dialog box is open, containing three sections: 'Who from the customer side will be attending?' (with 'Executive sponsors / C-suite' selected), 'What presentation tone and visual styles do you prefer?' (with 'Milestone-focused (timeline + outcomes)' selected), and 'Select a style for your content' (with 'Balance text and visuals' selected). At the bottom of the dialog is a 'Message PowerPoint' button. The browser's address bar shows 'https://m365.cloud.microsoft.com'. The bottom of the page includes a footer with 'Mona Kari' and standard browser controls.

RE: Claim Numbers: 50-70Q0-10A
Policy Numbers: 50-H0-F000-4
Date of Loss: August 20, 2021

Dear Mr. and Mrs. Reyes,

We are pleased to inform you that your above-referenced claim has been thoroughly reviewed and approved for payment.

Thank you for promptly providing the pertinent information requested in our previous correspondence dated July 31, 2025. Your cooperation has allowed State Farm Lloyds to conduct a comprehensive investigation and evaluation of your claim under your State Farm Home's Policy, form HW-2143.

Based on the documentation and details you have submitted, we are able to proceed with the settlement of your claim. The approved payment amount is \$10,000, which will be processed and disbursed to you within the next 10 business days.

Please reference Your State Farm Home's Policy, form HW-2143 issued through State Farm Lloyds which states in part:

SECTION I CONDITIONS

2. Your Duties After Loss. After a loss to which this insurance may apply, you must cooperate with us in the investigation of the claim and see that the following duties are performed:

- a. give prompt notice to us or agent and also notify:
- (1) the police if the loss is caused by theft, vandalism, or any other criminal act;
- c. Prepare an inventory of damaged or stolen personal property;
- (1) showing in detail the quantity, description, age, replacement cost, and amount of loss, and
- (2) attaching all bills, receipts, and related documents that substantiate the figures in the inventory;
- d. as often as we reasonably require:
- (2) provide us with requested records and documents and allow us to make copies;
- (3) produce in the presence of any other insured:
- (a) give statements; and
- (b) submit to examinations under oath. A parent or legal guardian may be present when the person being examined under oath is a minor; and
- (4) produce employees, members of the insured's household, or others for examination under oath to the extent it is within the insured's power to do so;

6. Suit Against Us. No suit or action can be brought unless:

Fecha de Pérdida: 20 de agosto de 2021

Estimados Sr. y Sra. Reyes,

Nos complace informarles que su reclamo mencionado anteriormente ha sido revisado minuciosamente y aprobado para pago.

Gracias por proporcionar puntualmente la información pertinente solicitada en nuestra correspondencia anterior fechada el 31 de julio de 2025. Su cooperación ha permitido a State Farm Lloyds realizar una investigación y evaluación exhaustiva de su reclamo bajo su Póliza de Hogar de State Farm, formulario HW-2143.

Con base en la documentación y detalles que ha presentado, podemos proceder con la liquidación de su reclamo. El monto aprobado para el pago es de \$10,000, que será procesado y entregado a usted dentro de los próximos 10 días hábiles.

Por favor, consulte su Póliza de Hogar de State Farm, formulario HW-2143 emitida a través de State Farm Lloyds, que establece en parte:

& Troubleshooting

The screenshot shows a Streamline interface window. At the top, it displays 'Office 365 Outlook Email Management MCP Server' and 'Available to Agent'. Below this, there are tabs for 'Details', 'Tools' (which is selected), and 'Resources'. Under the 'Tools' tab, there is a section titled 'Tools' with a description: 'MCP tools enable servers to offer executable functionalities, allowing LLMs to interact with external systems and perform real-world actions.' A table lists seven tools with their descriptions and toggle switches:

| Tool name | Description | Switch |
|--------------|---------------------------|--------|
| SendEmail | Send an email message | Off |
| ReplyToEmail | Reply to an email message | Off |
| GetEmail | Gets an email message | On |
| ListEmails | Lists email messages | On |
| FlagEmail | Flag an email message | On |
| ForwardEmail | Forward an email message | On |

At the bottom, there is a 'Resources' section with a 'Preview' button.

Knowledge for agents powered by Azure AI Search

The screenshot shows the Microsoft Foundry interface with a dark theme. On the left, a sidebar lists various features: Agents, Workflows, Models, Fine-tune, Tools, Knowledge (which is selected and highlighted in purple), Data, Evaluations, and Guardrails. The main content area is titled "Knowledge (0)" and shows "Knowledge bases" and "Vector stores". A search bar at the top right contains the placeholder "Search with AI" and a count of "36 K". The top navigation bar includes "Home", "Discover", "Build", "Operate", "Docs", and a user profile icon. A purple button labeled "Connect knowledge" is visible on the right. A modal window titled "Choose a knowledge type" is open in the center. It has two sections: "Configure a knowledge base" and "Configure knowledge via Tools". The "Configure a knowledge base" section lists "Azure Blob Storage", "Azure AI Search index", "Grounding with Bing Search", "Grounding with Bing Custom", and "SharePoint". The "Configure knowledge via Tools" section lists "Azure Cosmos DB", "Azure PostgreSQL", "Azure SQL", "MongoDB", "Azure Managed Redis", "Databricks", "Elasticsearch", "Microsoft Fabric", and "Pinecone". Each item in the lists has a "knowledge tool" button. At the bottom of the modal are "Configure" and "Cancel" buttons.

Knowledge (0)

Knowledge bases Vector stores

Ask AI What is a knowledge base? What knowledge types are supported? How do I add knowledge to an agent? X

Resource ⓘ

Choose a knowledge type

Configure a knowledge base

Set up supported sources one at a time, then add the knowledge base to your Foundry agent.

Azure Blob Storage
Enhance model output with web data

Azure AI Search index
Enterprise scale search for app development.

Grounding with Bing Search
Enhance model output with web data

Grounding with Bing Custom
Enhance model output with data from selected domains

SharePoint
Securely integrate and manage internal data

Configure knowledge via Tools

Set up knowledge via Tools. Once configured, it appears in your tool list and can be added in Agent Builder.
